Distinguished Graduate Log

N.B.: Following USAF tradition, DG(s) is/are awarded to the top 10% of the class. This is kept as objective as possible by determining a simple mathematical average of all the scored material (e.g., homework, speeches, essays, other submitted assignments, etc.) for each student. When there is a tie, or even when the averages of multiple students are within a 10 point range, DG may be determined by class participation, interview, or other subjective standards.
